

TORNADOPOWER Is The Word At Wincor

Central vacuum dealers across North America are discovering for themselves the power of TORNADOPOWER Central Vacuum Maintenance Cloths by Wincor Inc. (Booth 3501).

TORNADOPOWER cloths are the simple and effective way for central vac owners to clean, maintain, deodorize and test their entire vac system. The cloths are specially formulated and textured to capture dirt and grime residue that exist in the hose and tubing of the central vacuum system. Also, when pulled through the system, these cloths capture larger debris (such as pebbles and lint) and deliver them to the canister, eliminating potentially harmful

blockages. Finally, the moistened cloths "wipe down" the inside walls of hoses and tubing, leaving the entire system smelling fresh and clean.

TORNADOPOWER Central Vacuum Maintenance Cloths are available in either 25-sheet canisters or in six-sheet trial packs. Central vacuum dealers who are

interested in receiving a free trial pack for evaluation purposes should email the manufacturer at sales@wincorinc.com. The email must include dealer name, address, city, state, zip, phone and a contact name.
